

NSHC 28th Conference
Elsinore, Denmark
April 2008

Explanatory Note
Item C3
Chairman

RHCs and the Hydrographic Industrial Sector

This Item is being raised in following up the IHO Work program.

Task 1.1.20 of the detailed IHO Work Program reads as follows:

RHCs and the Hydrographic Industrial Sector

RHC Chairmen to consider the participation of representatives of the industrial sector of the hydrographic community in their Conferences to achieve better understanding of the status of hydrography in the region and additional potential resources for regional initiatives. (2008 to 2012).

NSHC members are invited to consider this issue, and to present their position.
