GENERAL SPECIFICATIONS

(Please provide detailed information in Annex of no more than three pages)

| | |
|-------------------------------------|--|
| Background information | The BNHD has made significant progress in chart production using CARIS tools, but the knowledge is vested in very few staff. The recent purchase of updated software and more licenses will give an enhanced capability but there is no funding for training |
| Justification of the project | BNHD has no funds for cartographic training of this nature |

| | |
|--|--|
| Countries involved | Bangladesh |
| Exposition of the problem | As above |
| General objective | The course programme aims to provide the delegates with an interactive one week specialist training course in nautical chart production utilizing the software that they own. |
| Specific objectives | Train the whole cartographic production team in the use of the new systems as well as defining workflow from receipt of data from the survey vessel into the chart production workflow |
| Outputs/Products | Delivery of a bespoke one week training course |
| Other deliverables | Nil |
| Achievements and awaited benefits | Better and more efficient outputs from the production system which will mean better and safer charts |

| | |
|-------------------------------|---|
| Schedule of activities | This course is due to be delivered in early 2017 so planning will need to commence in late 2016 |
