

From: **Rear Admiral Tim Lowe CBE**
UKHO Acting Chief Executive, the
UK National Hydrographer
and SAIHC Chair

SAIHC Letter No. 2/2019

8th April 2019

To: Mr Thomas Dehling Thomas.Dehling@bsh.de
Chair of the IHO Capacity Building Sub Committee

Subject: **SAIHC Capacity Building Projects**

Reference: IHO CBSC Procedure 1

Dear Mr Dehling,

At the last Southern African Islands Hydrographic Commission (August 2019, Seychelles), the Capacity Building Plan for 2020 was approved, this can be seen at Annex **A**. The SAIHC CB Plan considers the IHO Objectives and Strategic Directions, together with the peculiarities of the SAIHC region and therefore, the derived projects focus on achieving these objectives and are not just desirable events.

According to the referred procedures, I submit to the IHO CBSC five projects to be carried out during 2020, which may be found at Annex **B**, with the accompanying PROC 4 forms for these projects at Annex **C**.

On behalf of the SAIHC membership, can I take this opportunity to thank the IHO CBSC for their continued support to this Regional Hydrographic Commission. If you should require any further information, please do not hesitate to contact me.

Rear Admiral Tim Lowe

Chairman of the Southern African and Islands Hydrographic Commission
