<http://www.wellingtonairport.co.nz/>

Airport Transportation

Taxi is the easiest way to get into the city centre, costing approximately \$35.

Or Super Shuttle, \$18 (<https://www.supershuttle.co.nz>).

Plug type

The electrical plug is Type I, an earthing pin and two flat pins forming an upside down V-shape. Electricity is 240V.

Wellington City

New Zealand's capital city (home to 397,900 residents) is nestled between rolling hills and a stunning harbour, and has a vibrant and compact downtown area that's best explored on foot.

The city is home to Te Papa, the national museum, which tells the story of New Zealand's history through bold and interactive exhibits. The Museum of Wellington City & Sea was recently voted one of the world's top fifty museums (the Times London). In Wellington you'll discover an amazing range of cafes, art galleries, theatres, attractions and a humming nightlife. The gourmet and wine experiences of the Wairarapa region are also just a short drive away.

Weather

They say you can't beat Wellington on a good day, and we reckon that's true. Unfortunately you need to be prepared for the worst in winter.

Winter: June – August

Average daily max: 11.5°C / 53°F min: 6.5°C/44°F

Wellington's winter tends to be wet rather than frosty, with around a 55% daily chance of rain through the winter months. So a Wellington winter wardrobe is more likely to waterproof than woollen. Only 5% of that rain is classified as heavy, however. The city is also well-designed for winter with plenty of indoor activities and warm dining options.

Cold, windy with a good chance of rain – our warm welcome will more than make up for the weather!
