UNCLASSIFIED

Jennifer,

Please find below feedback from the AHO on the Guidance Document.

Thankyou

Andrew

[SEC=UNCLASSIFIED]

Andrew,

Discussed with Mike and he concurs with your comment.
Please provide the relevant input to Chair CSBWG (Jennifer Jencks).

Jasbir Randhawa
DDER

UNCLASSIFIED

Jan,

I have read through the document.

My input is:

Recommend that a paragraph is added to Section 2.3 stating that the Sound Velocity set in the echosounder should be recorded and provided to the Trusted Node in a similar manner to the echosounder Draft offset.

Thanks

Andrew

UNCLASSIFIED

Hi Andrew and Mike

Please find attached a link to a CL inviting a review of draft IHO Guidance Document on Crowdsourced Bathymetry. I have included the CL as well as a scanned copy of the Draft Document FYI.

Input is requested as soon as possible and before mid-May 2017.

Please advise if we will be replying to this CL.

Regards

Jan

Pring, Catherine (MS)(HM Branch External Relations) has sent you a link to "20170411 - DRAFT CSB Guidance Document on Crowd Bathymetry", "20170411 - InvitGuidanceBath DUE Mid May 2017" from Objective.
