**CSPCWG Terms of Reference**

<b>Submitted by:</b>	Chairman
<b>Executive Summary:</b>	Brief summary outlining the intention of the paper.
<b>Related Documents:</b>	Any relevant documents and references to the extent that they are known to the originator.
<b>Related Projects:</b>	Any related projects that may impact upon considerations

**Introduction / Background**

The CSPCWG Terms of Reference were last reviewed at CSPCWG4 (November 2007). The agreed wording is in document CSPCWG 5-5A. Amendments to CSPCWG Terms of Reference agreed by the CSPCWG 4 meeting are in red. Secretary's after-meeting suggestions are in green.

This version was submitted to the CHRIS Chairman by letter in February 2008. All the changes have now been incorporated into the IHO website version and within the summary of *Terms of Reference for CHRIS Committee and Related Working Groups*, submitted to CHRIS20, November 2008 (as paper CHRIS20-01D)

There is prospect of the WG names and structures being changed following CHRIS 20 (as it becomes HSCC, effective from January 2009). This will mean that all TOR of subordinate groups will be subject to change.

**Analysis / Discussion**

CSPCWG have reviewed TOR at previous meetings and consequently submitted to Chairman of CHRIS. These proposed revisions have now been accepted.

No further requirements for change have been identified.

**Conclusions**

There is no point in further review now until the reorganization of IHO bodies.

**Recommendations**

The latest version, as in document CSPCWG 5-5A, and faithfully reflected in the current TOR on the IHO website, can be used as our present guide.

**Action required of CSPCWG**

The CSPCWG is invited to endorse the recommendation
