To CSPCWG Members

Date 15 October 2004

Dear Colleagues,

Subject: CSPCWG Meeting, 3-5 November 2004, Monaco (Follow-up to CL15/2004)

Andrew and I are very much looking forward to meeting many of you in November, for our first WG meeting, in Monaco. We have been very pleased with the response and are currently expecting at least fifteen to attend the meeting. Of course, there is still time to book. Please let the Secretary know you are coming, if you have not yet done so.

The accompanying papers are some pre-reading for the meeting. I would be most grateful if you could find time in your busy schedules to familiarise yourself with the subjects before the meeting; this will help us to make quick progress through what has turned out to be a heavy agenda. They include the latest version of the agenda, considerably amended since the early draft sent out with Circular Letter 15. Also included are all the Explanatory Notes which have been produced so far. Any additional papers received, or updates, will be copied to all CSPCWG members by email, as soon as possible.

Yours sincerely,

Peter G.B. Jones,
Chairman
