CATZOC allocated by HO	Data acquisition method	Comments
A1		Our legacy data don't fulfil the CATZOC value.
A2		Our legacy data don't fulfil the CATZOC value.
B	Single beam echo sounder and modern sidescan sonar (survey date 1995 or later). Vessel positioned by DGPS or by least-squares adjusted, multiple electronic position lines.	Sidescan sonar is included under this classification due to uncertainties relating to feature detection.
C	Single beam echo sounder used to obtain depth profiles along systematic survey lines planned in accordance with PSN survey practice (surveys prior to 1995). Vessel positioned by 2 Lines of Position from survey-quality electronic navaid.	
D
