

ENCs - Stakeholder Feedback

Stakeholder Feedback

- ★ The IHO Member States must co-operate more closely to harmonize the supply of ENC services, and to facilitate the use and uptake of ENCs, and in particular:

- Greater harmony is required in ENC pricing
- Greater flexibility is required in how ENCs can be purchased
 - including “pay per view”, “pay as you go” and other data service models
 - “Price per ENC” is not necessarily the best or only pricing model for the 21st century

- ENC licensing must be better harmonized
 - license management is presently a difficult management task both for ENC retailers and for navigating officers
- ENC retailers prefer a “one-stop shop” to obtain ENC coverage
 - Currently this is not possible because not all ENCs are available through RENCs

- ✦ All ENC producers must follow a standard method of providing Temporary and Preliminary Notices to Mariners for ENCs electronically. It is confusing, time consuming and unacceptable for some HO's to provide T&P notices via local NtoMs (in some cases, not even in English)
