Showcase of S-100 based products

Introduction

- C-2 tasked the HSSC (see action C2/29) :

“Consider the possibility to organize a demonstration showcase of S-100 based products and test beds as an embedded session at C-3 in October 2019”

Analysis/Discussion

- Why a showcase at C-3?
 - Reach out HOs
 - Disseminate S-1xx concept

→ *Need of a well structured and effective showcase*

→ *Representative of the state of the art*

- Except for S-101, there are not a lot of test data for other product specification

Proposed showcase structure

	Duration	Topic	Speaker
1	15/20'	Point of situation of the new PSs and S-100 implementation strategy	HSSC Chair/IHO Secretariat (HSSC Report to C-3)
2	15'	S-101 with examples of conversion from S-57	S100WG/S101PT representative
3	15' each PS	Examples of PSs at semi-operative stage (S-102, S-111, etc)	PTs/HOs
4	15' each	Examples from the HOs/RENCs S-100 Service distribution (Cloud Service?)	HOs, RENCs

Duration 2 hrs

Action required

- Note this paper
- Take part to the provision of test data
- Make any proposal as appropriate
