

EUROPEAN COMMISSION – IHO COOPERATION (EC-IHO)
COOPERATION BETWEEN THE EUROPEAN COMMISSION AND THE IHO

Agenda and timetable

9TH MEETING OF THE EC-IHO (EC-IHO-9)
28 February 2018, CPMR Offices - Brussels, Belgium

Wednesday 28 February	EC-IHO-9
09h00	<p>1. Welcome and Introduction</p> <p>CPMR and IENWG executive secretary open the meeting and delivers the welcoming address. Participants are invited to introduce themselves.</p> <p><i>Docs: EC-IHO-9-03.1A Coastal Mapping Project: Why do we need coastal data for? (CPMR SEC, Mme Lise GUENNAL)</i></p> <p style="text-align: right;"><i>Oral & video clip (IHO SEC, Mr Yves GUILLAM)</i></p> <p style="text-align: right;"><i>Oral presentation (DG MARE, Mr Iain SHEPHERD)</i></p> <p>In a situation of increasing of extreme events, this meeting will focus on the support provided by the EU to the production and accessibility of environmental data of use for the anticipation and monitoring of coastal risks such as erosion, floods or storms. Anticipating and monitoring these risks is necessary to protect both the population, ecosystems, habitats and economic activities in coastal areas.</p> <p>This can be related to the following issues:</p> <ul style="list-style-type: none"> - Which kinds of data are needed and how can these data be made available to public authorities and private stakeholders? - Which financial support can the EU provide to the production and accessibility of relevant data? <p>The perspective of national authority and of the regions will be included in the discussions, notably on the basis of the outcomes of the Coastal Mapping project. This project was financed by the EMFF led by the SHOM. It involved other national bodies in charge of coastal data from several countries and the CPMR. This project resulted in suggestions for a European strategy for coastal data, based on 3 axis, which are 1- Set up coordinated programmes for data acquisition 2 - Seize opportunities for the acquisition of bathymetric in EU programmes 3- Ensure that those data are standardised and capitalised.</p>

09h15	<p>2. 1st session – Data needed and available in Europe for the anticipating and monitoring of coastal risks</p> <p>This session will focus on the following issues :</p> <ul style="list-style-type: none"> - What are the needs of public authorities, including the regions, in terms of better mapping, access and use of coastal data to anticipate and monitor coastal risks? - How can data produced and processes at EU level be made more accessible to public authorities and private stakeholders for this purpose? <p><i>Docs: EC-IHO-9-03.2A High resolution seabed mapping, a European strategy for the coastal risks and integrated management? (FRANCE Shom Head. V. Adm. B. FRACHON)</i></p> <p style="text-align: right;"><i>Oral presentation Of DG GROW (DG GROW Mme F. JACQ)</i></p> <p><i>EC-IHO-9-03.2B European Ocean Observing System: Observations to anticipate and monitor coastal risks (EOOS REP, EuroGOOS SEC, Dr. Glenn NOLAN)</i></p> <p><i>EC-IHO-9-03.2C Case Study Of Normandy Region (FRANCE, Mr Bruno THENAIL)</i></p> <p><i>EC-IHO-9-03.2D EMODnet: Your gateway to marine data in Europe (EMODnet SEC, Mme Belen Martin MIGUEZ)</i></p>
10h45	Coffee break
11h15	<p>3. 2nd session – Which contribution from the EU to the production and accessibility of relevant data?</p> <p>This session will focus on the following issues:</p> <ul style="list-style-type: none"> - What are the opportunities offered by European programmes to finance data of use to anticipate and monitor coastal risks? - What suggestions can be made in order to improve synergies between investments supported by the EU, national and regional authorities in the future? <p><i>Docs: EC-IHO-9-03.3A Challenges in terms of funding for coastal data (SWEDEN SMA, Mr Magnus WALLHAGEN)</i></p> <p><i>EC-IHO-9-03.3B Opportunities offered by Interreg Programmes for the financing of coastal data, on the basis of results of the Coastal Mapping project (CPMR SEC, Mme Lise GUENNAL)</i></p> <p><i>EC-IHO-9-03.3C Representative of the Bologna Charter – case study from a region and focus on the Bologna Charter as a process for cooperation between regions and national authorities for the financing of coastal data (ITALY EMILIA-ROMAGNA Mme Paola MORBIOLI, FRANCE Shom, IENWG SEC, Mme Corine LOCHET)</i></p>
13h00	Conclusions
