

IHO/CHRIS Marine Spatial Data Infrastructure Working Group (MSDIWG)
2nd Meeting, IHB, Monaco, 10-11th September 2008

MARINE SPATIAL DATA INFRASTRUCTURE WORKING GROUP (MSDIWG)

OBJECTIVES

1. To prepare, undertake and complete an audit of IHO Member States to establish their level of knowledge and understanding of the benefit of supporting National SDI initiatives and their capability in supporting the development of Marine SDI.

Questionnaire completed for despatch by 15th March 2008.

Responses returned by 1st June 2008

2. To analyse the results of 1 and establish the benchmark for future IHO support and / or capacity building required and to assist in the development of the SDI IHO Guide.

Required by 1st August 2008

3. To provide the preliminary IHO SDI Guide for Member States incorporating necessary step by step approach to SDI.

First draft by 1st September 2008

Final draft by 30th September 2008

4. To provide, to CHRIS Meeting 20, a report of WG activities to date and to recommend (if necessary) an extension to the life of the WG in the light of results and / or progress achieved in the 2008 work programme.

Date of CHRIS 20 Meeting: November 2008
