

Paper for Consideration by NIPWG 2**S-126 Physical Environment Test Data set**

Submitted by:	The Netherlands
Executive Summary:	Presentation of updated Physical Environment Test Data set
Related Documents:	NIPWG 22.1 Annex A
Related Projects:	-

Introduction / Background

The first test data set was presented at SNPWG18. At NIPWG1 the test data set was considered mature.

Analysis/Discussion

The format of the test data set was changed to meet the latest TDS harmonisation paper. And the latest additions were incorporated.

Conclusions

The test data set is complete.

Recommendations

Start the development of the draft Product Specifications.

Action Required of NIPWG2

The SNPWG is invited to:

- a. note this paper.
- b. agree if the test data set is complete and to proceed further.
