Main	IHO Sec	Introduction	Para 2, last sentence	Ge	The principle intention of this Product Specification is for the deposit of national maritime boundary claims. The introduction should not expand on this by identifying specifically other possible uses.	Amend the last sentence to read: "This includes the deposit of national maritime boundary claims."	
Main	IHO Sec	Entire		Ge	In clause 1.4.3, the expansion of the abbreviation MLB is "Maritime Limits and Boundaries" (plural).	Amend all instances throughout the document of "MLBs" to "MLB".	
Main	IHO Sec	1	2 <sup>nd</sup> last sentence	Ge	An S-121 data set will likely not be "integrated" with other S-100 based products. Will likely constitute a source dataset that may be used in the compilation of other S-100 based products, such as S-101 ENC.	Remove last part of the sentence "and will support integration with other S-100 based products."	
Main	IHO Sec	4.1	Table 44-1	Ed	Incorrect table number	Amend to Table 4-1.	
Main	IHO Sec	4.1	Table 44-1	Ge	First row: Need to stress that making the datasets created for a legal declaration available for the creation of other products is not the main purpose of the PS; and is at national discretion.  Note that if approved, this will have follow-on effects elsewhere in the document.	Swap "Production" and "Legal Declaration" in the table. For "Production", amend the "Limitations" text to read: "At national discretion, datasets may be made available for use as source information for the creation of other products.". In "Example", remove Raster and AMLs bullets.	
Main	IHO Sec	5.2	Para 2	Te	There is no "S-100 object catalogue". Suggest this paragraph should reference the IHO GI Registry.	Amend paragraph to read: "The IHO Geospatial Information (GI) Registry includes vertical datums as registered concepts, although IHO also indicates that the IHO GI Registry is not an exhaustive or authoritative definition."	
Main	IHO Sec	5.4	Para 2	Te	There is no "S-100 object catalogue". Suggest this paragraph should reference the IHO GI Registry.	Amend paragraph to read: "The IHO Geospatial Information (GI) Registry also includes horizontal datums as registered concepts, although IHO also indicates that the IHO GI Registry is not an exhaustive or authoritative list."
