Dear michel,

First, i would like to inform you that i didn't receive the letter 01/2012 on my e.mail adress. I have just seen it yesterday on the IHO web site.

Second, regarding the naming of the sea area between the Korean Peninsula and the Japanese Archipelago (point 5.2 of the draft enclosed to the S-23 WG Letter No. 01/2012), Morocco is in favor of a consensual solution between the relevant parties.

Best regards.
