<b>Reason for Choice of Name (if a person, state how associated with the feature to be named):</b> <i>Raison du choix du nom (s'il s'agit d'une personne, preciser de quelle maniere elle est associee a' la forme du relief a denommer):</i>	<b>Bidayuh</b> is a collective name for several indigenous groups found in southern Sarawak, Malaysia. The name Bidayuh means 'inhabitants of land'. In Sarawak, most of Bidayuh population are found within 40 km of the geographical area known as Greater Kuching, within the Kuching and Samarahan division. They are the second largest Dayak ethnic group in Sarawak after the Iban and one of the major Dayak tribes in West Kalimantan. Predominantly Bidayuh areas in Sarawak are: Lundu, Bau, Penrissen, Padawan, Siburan and Serian. Most of the Bidayuh villages can be found in the rural areas of Lundu, Bau, Padawan, Penrissen, and Serian district. The area continued until West Kalimantan border where they reside in Kembayan, Noyan, Sekayam and Jangkang district in Sanggau Regency. They live mainly in the basin of the Sarawak River and hilly to mountainous forest. They traditionally worked by rotational agriculture and hunting based around farms populated from parent villages situated on the hills for protection.
