S-102 project with Norwegian Pilots

Participants:

- ✓ PRIMAR
- ✓ Norwegian Hydrographic Service
- ✓ The Norwegian Coastal Administration
- ✓ System manufacturers (partly)

Goal:

- ✓ Test production of S-102 files
- ✓ Test and identify distribution solutions for S-102
- ✓ Identify feedback to system manufacturers due to user interface
- ✓ Test the implementation of the files in ECDIS/ECS systems
- ✓ Identify and produce feedback to the IHO working group

Status:

- ✓ Test pilots are identified
- ✓ Areas of interest is identified by the Norwegian test Pilots
- ✓ Norwegian Hydrographic Service will produce S-102 files early 2015
- ✓ Some valuable input is produced and sent to IHO
- ✓ Meetings is being arranged between the Pilots and system manufacturers

Thank you for your attention!
