Denmark presented The BSHC report with emphasis on the achievements of its numerous working groups addressing re-survey planning and maritime spatial data infrastructure. UK admiral Lambert commented on the economic infrastructure approach. France General Frachon noticed the multi-use of data in the region. BSHC was congratulated on our cooperative initiatives and our involvement and cooperation with other organizations such as HELCOM.

In BSHC17-B.2 annex A. Is a special report on the outcome of the discussion on C-55 at the IRCC meeting. DK will give a short summary of the discussions.

In BSHC17-B.2 annex B. are the actions rising from IRCC4. DK will go through the actions of interest for BSHC.

BSHC is invited to take note of the reports and take appropriate actions with reference to BSHC17-B.2 annex B.
