BSHC 18th Conference 16-18 September 2013, Tallinn

The BSHC 18th Conference will take place on 16-18 September 2013. The previous meeting in Tallinn (BSHC 9th Meeting) took place more than decade ago and most of today delegates haven't participated in it. Thus we suggest, next to the official programme to see Tallinn. For those who are here first time to see some of the most interesting places and those who haven't recently been to Tallinn to see how much the town has changed. A guided tour to Old Town (under UNESCO protection) will take place on 16th September. At the Icebreaking Party in the recently renovated TV Tower of Tallinn you will enjoy a bird's eye view of the city.

On Tuesday during the technical tour we will visit a famous Seaplane Harbour of the Estonian Maritime Museum. The Seaplane Hangar is the unique construction of the kind in the world. It is the most visited museum in Estonia at present.
