Dear colleague,

(EATHC) IN ACCRA, 24 - 26 NOVEMBER 2010**

The Regional Maritime University presents its compliments to you.

The University, host of the 11th meeting of the Eastern Atlantic Hydrographic Commission (EATHC), scheduled to be held in Accra, Ghana, from Wednesday 24 to Friday 26 November 2010, under the aegis of the International Hydrographic Organization, is pleased to invite you to participate in this meeting.

The University considers this a privilege to welcome delegates to Ghana, and indeed an opportunity to meet and interact during the working sessions and in the margins of the meeting, with members of this noble Commission, whose work we deem important for the maritime community in this region.

While counting on your usual cooperation in such matters, the university takes this opportunity to renew to you the assurances of its highest consideration.

Yours faithfully,
