Combination of multiple layers

The screenshot shows an ArcGIS Online interface for a web map titled "MACHC MEIP Baselayers". The map displays the North Atlantic Ocean region, including the Gulf of Mexico, Caribbean Sea, and parts of the North Atlantic Ocean. The map is overlaid with a grid of baselayers, and a specific cell, FR374850, is highlighted in purple. A metadata popup window is open for this cell, displaying the following information:

| Cell FR374850 | |
|---------------------|-------------------------------------|
| Cell Name | FR374850 |
| Scale 1: | 180,000 |
| Cell Title | Iles du Salut à la Baie de l'Oyapok |
| Usage Band | 3 |
| Coast | Atlantic |
| Country | France |
| Member State | |
| Producing Authority | SHOM |
| Distributor | PRIMAR |
| Zoom to | |

The map interface includes a top navigation bar with "HOME" and "MACHC MEIP Baselayers", a search bar, and various tool icons (Save, Share, Print, Measure, Bookmarks). The left sidebar contains the map title, author information (Web Map by leland.snyder), and options to open or create a map. The bottom of the map shows a scale bar (0 to 600 miles) and the Esri logo.
