MACHC Letter 04/2017

Date, 20 January 2017

To: VAdm. ALIPIO JORGE RODRIGUES DA SILVA
Commander 4th Navy District

Subject: 17th MACHC Conference

Dear Admiral,

With this letter I would like to express my sincere gratitude to you and your team for the excellent support during the 17th MACHC Conference in Belém. We especially enjoyed the cocktail at the Oceanographic Ship Antares. You also made us feel very welcome at the annual Navy ball.

As chair it is impossible to conduct a successful MACHC Conference without the support of a Host nation. Through your hospitality you have made a valuable contribution to the status of hydrography in our region.

Lastly, I wish you and your staff all the best and good health for 2017.

Yours sincerely,

Captain RNLN Marc C. J. van der Donck
Director Netherlands Hydrographic Office
Hydrographer of the Royal Netherlands Navy
Chairman, Meso American & Caribbean Sea Hydrographic Commission
