IRCC Consideration of WEND Issues

- Procedure on ENC overlaps
 - Decision 15: RENCs to first use the procedure on overlaps (*proposed by the WENDWG*) as an IRCC procedure until more input is received and then possibly propose this to be an IHO resolution.
- Admiralty Information Overlays (AIO)
 - Action 29: UK and France to address the AIO issue bilaterally and report back to IRCC7 (deadline: IRCC7)
- WENC concept
 - IC-ENC explained that the Member States belonging to the RENCs do not support the view that the IHO WENC is made of the ENCs available via RENCs and think this is too prescriptive, as the way to distribute the ENCs is a national decision.
 - Action 30: WENDWG Chair to report back to IRCC7 on the evolution of the WENC Concept (deadline: IRCC7).
