27th Conference, Rostock
September 2006**

**Item A4
Explanatory Note
United Kingdom**

NSHC-Conference Conclusions.

UKHO proposes a review of active conclusions in line with the proposal at the 2000 NSHC Conference, which suggested this role should 'rotate' with the chairmanship of the Commission.

A full list of active conclusions is attached.

We have included our suggestions for each of the active conclusions.

All the conclusions have been placed on the IHO website for ease of access.
