

PORT AND SHALLOW WATER COURSE

Conducted at Abu Dhabi

22 – 26 SEP 2014

PORT & SHALLOW WATER COURSE

- Requirement of SWC was initiated by Pakistan in 2011
- During 5th RSAHC meeting it was decided to conduct SWC at Abu Dhabi to facilitate maximum participation
- Pakistan provided 2 Survey Officers as instructors for conduct of course on the request of IHO

PORT & SHALLOW WATER COURSE

- Participants from various regional countries including Bahrain, Iran, Kingdom of Saudi Arabia, Oman and United Arab Emirates attended the course
- Scheduled participant from Iraq did not arrive

PORT & SHALLOW WATER COURSE

- Keeping in view the scope and importance of course, 5 additional participants including 3 females from UAE also attended the course
- Practical sea training was conducted onboard boats provided by Byanat

PORT & SHALLOW WATER COURSE

- Post processing of data collected at sea was done back at the AFOC
- Certificates were awarded to a total of 12 participants

RECOMMENDATIONS

- Courses for capacity building should be continued in future as well
- Duration of the course may be increased to 2 weeks to allow sufficient time for theory as well as practical

THANK YOU
